The Democrat for to-morrow morning will be an unusually excellent paper, and all who wish it should let us know before noon of to-day.

NEWSBOYS.—We shall issue a sufficient number of the Sunday Democrat to supply the demand, but newsboys must leave their orders at the desk this forenoon.

STEAMBOATMEN will find the latest news by telegraph and mail in reference to the river in our issue of to-morrow morning, and can either leave orders at the desk or call on the newsboys.

ADVERTISERS who wish to avail themselves of the very large extra circulation of the Sunday Democrat, will do well to hand in their advertisements to the clerk previous to 4 o'clock this afternoon.

SUBSCRIBERS who desire the Sunday issue only, can have it delivered at their residences by our regular carriers, for two dollars and a half per year, payable in advance, or for five cents per week, payable to the carrier. It will be the best investment they can make of so small an amount. Orders left at the desk will be promptly attended to.

THE ICE IN THE OHIO!

Resumption of Navigation!

We announced yesterday morning that the gorge of ice just above the city had given way, and moved down to this city, where it stopped again. The rapid rise in the river yesterday, and the pressure of the ice from above, opened the gorge again, and forced the ice element down over the falls. Now, instead of slight movements of ice-floes and temporary stoppages, the otherwise beautiful Ohio is a moving panorama of miniature icebergs for a thousand miles in extent. The gorge at this city moved off grandly about 1 o'clock yesterday.

The only catastrophe we have to report in this neighborhood, is the sinking of the steamer Gen. Pike, a comparatively new boat, lying above Uica. We have been unable to learn the extent of the loss by this accident, owing to the lack of communication between the two points. The mailboat Superior, long ice-bound just above, succeeded in making a safe harbor just above the mouth of Harrod's Creek. The Yorktown, Marango, J. W. Cheesman, and North Star, were sadly imperiled most of the day yesterday in the ice above; but, through the skill and judicious management of their officers, succeeded in mooring in safety at our wharf.

As we are writing, at a late hour of the night, there is but little ice running in front of the city, and all classes of business men are exchanging mutual congratulations that the icy fetters in which business has so long been bound up, are at last broken, and the prospect is now cheering for an immediate return to commercial prosperity.

PERILOUS ADVENTURE!

A Skiff with the Mail Driven over the Falls!

Since the gorge in the river above our city has broken, the current has been filled with floating ice, and the Jeffersonville ferry-boats have, of course, discontinued their trips. The Eastern mail was taken across the river in a large skiff yesterday morning, from a place on the point opposite Ferguson's saw mills. It was landed in safety and with but little trouble on the Indiana shore. The New York mail and the mail from the West due at Jeffersonville in the morning by the Indianapolis train, was taken down to the same skiff, to be brought to Louisville. The men pulled away bravely for the Kentucky shore, but out in the current got their craft wedged in among the floating ice. In this condition they were, in a measure, at the mercy of the current. On they floated, working manfully, and struggling with the frozen element in a sort of "chip and tug" contest. Several times the mail bags were taken from the skiff and thrown upon cakes of ice, and the skiff drawn from the water and pushed across to some other point, replacing the mail bags. Meantime they were rapidly approaching the large ice-gorge at the head of the falls. This, by good luck and good management, they managed to clear. On they went, "even into the valley and shadow of death," and yet escaped, passing over the falls surrounded with ice gorges on every side. The boat, in its descent, passed over the back-bone of the falls without mishap.

The three gentlemen in the skiff were Deputy Mail Agent Matthews, Perry Gaither, and Calvin Gardner, who, in the midst of the peril that surrounded them, kept perfectly cool and self-possessed, and in this perhaps consisted their safety.

The skiff was landed at Portland, with all of the mail bags safe and snug, and with no other damage than the exhaustion of the strength of the three gallant men who thus safely moved their small craft ashore.

ADULT ROBBERY.

Mr. Waterhouse, the driver of one of the Bardston stages, was robbed of a fine gold watch and chain, worth \$200, while engaged in receiving the mails in front of the post-office in this city, on Wednesday morning. A suspicious looking character, who was standing by at the time, is suspected as the thief. He left before Mr. W. missed his watch. The fellow told the driver that he was going to Bardston on the stage that morning, but when the stage was ready to start he was missing, and has not since been heard of. Mr. W. is a poor man, and the loss is seriously felt.

P. K.—We learned by the Bardston stage driver last evening, that the watch was found in the boot of the stage coach. His suspicions, therefore, as to the robbery have no foundation.

NAUTICAL.

Adam Nau, whose arrest was recorded in the Democrat yesterday, was brought before the Police Court yesterday morning. Taking a playful view of his name and character, Adam is a naughty young man, for he was very noisy in John Schouler's house, and had to be forcibly ejected, after which he was pretty soundly beaten by a couple of fellows, who could have whipped him, doubtless, if he had been twice as drunk as he was. In addition to all this, Schouler affirmed that he was afraid of Adam, and, in order to quiet the sensitive man of Adam, Adam was held to bail to keep the peace toward Schouler for a family for a short time, which was promptly given.

ACCIDENT TO A WHARF BOAT.

The running ice knocked a hole in the hull of the wharf boat of the Cincinnati and Louisville Mail Line yesterday evening. The damage was not great, however.

GERMAN THEATER AND BALL.

The German Theatrical Company gave a delightful dramatic entertainment at Concert Hall last evening, and the exercises closed with a grand ball.

Dr. JACK SHACKLEFORD.—The Alabama papers announce the death of the gentleman whose name heads this paragraph. He died at Courtland, Ala., on Tuesday of last week, in the 66th year of his age. Dr. S. participated in the Texas struggle for independence, and achieved a name for gallantry truly enviable. He was captain in that fatal band of patriots under Col. Fannin which was defeated at Goliad and massacred by the bloody tyrant Santa Anna. His life was spared because he was a physician, that his services might be made available in the Mexican army. He remained a prisoner for some time, we know not how long, but returned finally to his old home. Dr. Shackelford served several years in the Alabama Legislature.

ANOTHER GRAND CONCERT BY AMATEURS.

We are informed that the Liederkreis and Orpheus Musical Societies contemplan a grand musical entertainment, at Odd Fellows' Hall, on Easter-Monday evening, the 24th of March, for the benefit of the German Protestant Orphan Asylum, of this city. It will certainly be one of the most pleasing concerts ever given by amateurs in Louisville; and, considering the worthiness of the enterprise, no citizen should refuse his co-operation and encouragement.

ONLY PLAYING.—Martin Higgin and Thomas Doughty, who were arrested on Thursday, as noticed in the Democrat yesterday, for indulging in a select fight at the corner of Fifth and Water streets, were brought into Police Court yesterday to answer the charge. They both answered most positively that they were only playing—the policeman mistaking their amusement for a sure-enough fight. The Judge dismissed them and told them they could go to their play again.

CHARGE DISMISSED.—SUIT FOR DAMAGES.

We have given the particulars heretofore of the charge against Peter Weinman of stealing the body of Francis Gilhany, deceased, some two weeks ago. There is no testimony which implicates Weinman in the transaction, and he was unconditionally dismissed.

WEINMAN HAS SIGNED HIS INTENTION TO COME.

Weinman has signed his intention to come suit against the brother of Gilhany, and assess his damages at \$5,000.

CHARGE OF STABBING.—James McCorkle, Horatio McCorkle, Chris. Shirley, and John Cunningham, were arraigned before the Police Court yesterday for stabbing a Mr. Harris, at the corner of Jackson and Gray streets.

The Court was unable, from the testimony, to identify the criminal who did the stabbing, and they were each held in \$400 bail to answer the charge at the next term of the Criminal Court.

THE PROSPECT FOR COAL.—Of course, now, within a fortnight, without the occurrence of some unforeseen accident, we will have an abundant supply of good Pittsburgh coal, at old prices, and all our late troubles in regard to fuel will be forgotten.

Railroad connections with extensive coal fields will be disregarded, and rich strata of coal will remain as undisturbed as if they had never been discovered.

NARROW ESCAPE.—A negro belonging to our old friend, Daniel McCallister, came near losing his life on Thursday evening last.

A white man asked him to pay an old debt, when the negro replied in an insulting manner, and the gentleman drew his revolver and, placing it near the negro's breast, snapped it twice. Fortunately the weapon did not go off, else the negro had been killed.

THE WHEREABOUTS OF HAMLET.—A good deal of curiosity has been indulged in as to the whereabouts of ex-Officer and ex-Marketmaster Hamlet, who left this city a year ago last August, accompanied by an alligator. We are informed that he was seen recently in Decatur, Illinois, by a gentleman of this city, and that he was just on the eve of starting for St. Louis.

THE GLORIOUS TWENTY-SECOND.—That great day, and one that should be remembered by us all, is close at hand. We hope that Washington, the Father of his Country, will not be forgotten on the 22d of February. Patriotism should now be observed, and we hope our citizens will not let this natal day pass without due observance.

BANK OFFICERS.—We learn from the Richmond Messenger that the following gentlemen have been elected President and Directors of the Branch Northern Bank in Richmond: Hon. D. Breck, President; E. H. Field, Curtis Field, C. W. Smith, Wm. M. Irvine, C. F. Burnam, and J. M. Shackelford, Directors.

DESTRUCTION OF A POST-OFFICE BY FIRE.

Our friend, S. Griff, Esq., Postmaster at Meadville, Mead county, informs us that the building in which the post-office at that place was kept, was destroyed by fire about 10 o'clock on Wednesday afternoon. Nothing of consequence was saved.

EARLY KELLY, celebrated in this city as a younger about houses of bad repute, got into Police Court yesterday upon a charge of drunkenness and vagrancy. Judge Johnston gave him one of his peculiar semi-parental and semi-judicial lectures and let him off.

VAGRANT AND DRUNKENNESS.—Joseph Lewis and Sarah Robinson, two free negroes, were arraigned before Police Court yesterday upon a charge of drunkenness and vagrancy. In default of bail they were sent to the work-house three months.

VIRTUES OF RHEUMATICS.—John Boggs, who has been in the city work-house for several days, professing a painful rheumatic affliction, was dismissed from confinement yesterday.

A FREE BOAT.—The free negro, Buck, sent to the work-house a day or two ago, was brought in yesterday and admitted to bail by Judge Johnston.

FATAL ACCIDENT.—The Owensboro American states that Mr. L. Lashbrook came to his death by a tree falling on him, on the 24th ult.
